

Web Developer

Job title: Web Developer

Reporting to: Program Manager

Hours of work: 10-15 hours per month (depending on development needs)

Duration of contract: 3-month initial contract (extension likely with more hours)

Salary: First month – 30 hours at \$1,800 and then 2 months, 10-15 hours per month at \$600-900/month

Application deadline: November 21, 2021

The organization

Reel Causes partners with filmmakers and Canadian causes dedicated to addressing global social justice issues. We host film screenings followed by a Q&A session to educate and inspire our community, and provide a forum for authentic conversation around the issues that affect us locally.

About the role

We are on the lookout for an experienced website developer to take the organization to the next level. We are expanding into a hybrid model and we need someone with experience of web applications and the WordPress environment.

Duties and responsibilities

- Initial work with President to hand-off maintenance and onboarding
- Work with the Program Manager to decide on optimal environment for our hybrid events
- Maintain WordPress environment, updating plugins and fixing bugs
- Maintain Stripe, Universe ticketing platform and CineSend connections
- Recommend upgrades to the board on a project basis

Desired skills and experience

- PHP, HTML, CSS and JavaScript
- API development is preferred but not essential
- WordPress development
- Experience with Advanced Custom Fields
